Paper & Plastic Packaging

PRODUCT SPECIFICATIONS

External Length (L)	50 cm
External Width (W)	30 cm
External Height (H)	18.7 cm
External Dimensions	50 × 30 × 18.7 cm
Dimensions in mm	500 × 300 × 187 mm
Empty Weight	550 g
Net Capacity	10 kg
Quantity per Pallet	96 crates
Quantity in 40ft Container	1970 crates

MATERIAL OPTIONS

PP (Polypropylene)
High strength, rigid, heat resistant and food grade available.

HDPE (High Density Polyethylene)
High impact resistance, suitable for heavy duty use.

Virgin Material
Available upon request.

Recycled Material
Available for non-food contact applications.

Food Contact Grade
Available upon request, subject to raw material certification.

KEY FEATURES

Strong & Durable
Designed for long life and heavy duty use.

Reusable & Washable
Easy to clean and reuse, environment friendly.

Ventilated Design
Side walls allow better air circulation.

Multi Purpose Use
Suitable for fruits, vegetables and agricultural products.

Stackable
Stackable design for efficient storage and transport.

Export Quality
Suitable for local and export applications.

Easy Handling
Ergonomic hand grips for easy lifting and carrying.

Custom Options
Different colors and material grades available.

APPLICATIONS

Fruits | Vegetables | Agricultural Harvesting | Cold Storage | Transportation | Export

COLOR OPTIONS

Custom colors available upon request

NOTE:
The final material, color, and grade are supplied according to customer requirements and production order specifications.

Actual loading performance may vary depending on product type, stacking method, storage conditions, and transportation handling.
